Projects

Sourcing Transfer Tracker for Global Leading Footwear and apparel Manufacturer

AWS hosted server-less application with ReactJS front end and AWS Lambda & OpenSearch based to track the new product R&D and transferring for mass production to vendor factories
TECH: React, Redux, Serverless, AWS Lambda, DynamoDB, AWS OpenSearch.

May 2022- Present
Infosys

Compliance for Global Leading Footwear and apparel Manufacturer

AWS hosted server-less application with ReactJS front end and AWS Lambda & DynamoDB based back-end application helps Management Unit to have Insights and control on routine Products development.
TECH: React, Redux, Serverless, Terraforms, AWS Lambda, DynamoDB, Elasticsearch

Jun 2019– Sep 2021
Infosys

Capacity Visibility for Global Leading Footwear and apparel Manufacturer

AWS hosted serverless application with ReactJS and AWS Lambda & DynamoDB based application helps Management Unit to have Insights and control on-routine Products manufacturing.
TECH: React, Redux, Serverless, AWS Lambda, DynamoDB.

Jan 2019- Apr 2022
Infosys

B2B E-Commerce Store Front for India's Leading Apparel Online Store

Standalone Online Shopping Frontend StoreFront integrated with payment Gateway
TECH: React, Redux, Webpack. Hybris API Integration

Mar 2018- Dec 2018
Infosys

IT Operation Center – An Automation COE Product

ITSM based Automated Tickets resolving tool, works on various frameworks altogether such-as machine learning, orchestrator, knowledge DB, etc
TECH:NodeJS, ExpressJS, MongoDB, AngularJS, Azure Webservice & Passport Authentication, jQuery, D3 & C3 Charts, MuleSoft & Service now Integration

Jan 2016- Feb 2018
Larsen and Toubro
Infotech

Automation Discovery – An Automation COE Product

ITSM based Automation possibility Discovering tools, works on various frameworks altogether such-as machine learning, orchestrator, knowledge DB, etc.
TECH:AngularJS, Azure Web service &Passport Authentication, jQuery, D3 & C3 Charts

Jan 2016- Feb 2018
Larsen and Toubro
Infotech

Governance Dashboard – An Automation COE Product

ITSM Based Data Analysis and Governance Tool helps to track, generate reports, identify the team/ account/ regional or divisional analysis based upon the user selection regarding the performance and area of resource utilization and tracking.

TECH:: AngularJS, Azure Web service & Passport Authentication, jQuery, D3 & C3 Charts

Jan 2016 – Feb 2018

Larsen and Toubro
Infotech

BSS Symphony – Japan based Electronics Industry

Application UI revamping on UI as responsive design with latest technology for Organization's Billing System of Services Portal for their Television marketing

TECH: AngularJS, HTML5, CSS3, Bootstrap3

Jul 2015- Jan 2016

Larsen and Toubro
Infotech

Organization CRM Portal – US Leading Semiconductor Industry

Created new CRM portal replacing the existing application and to overcome the drawback In features, created selective web design layouts, wireframes and UI Kit to utilize all over the application.

TECH: AngularJS, HTML5, CSS3, Bootstrap3, Wireframes, Mockups, Photoshop.

Jan 2015- Jul 2015

Larsen and Toubro
Infotech

Corporate Portal – US Leading Semiconductor Industry

User friendly and custom corporate website with e commerce management portal

TECH: AngularJS, HTML5, CSS3, Bootstrap3, Wireframes, Mockups, Photoshop

Aug 2014- Dec 2014

Larsen and Toubro
Infotech

Product Listing Portal – US Leading Semiconductor Industry

AngularJS based framework for quick product listing and comparison in e commerce portal.

TECH: AngularJS, HTML5, CSS3, Bootstrap3, Wireframes, Mockups, Photoshop

Jan 2014- Jul 2014

Larsen and Toubro
Infotech

Product Search Engine – US Leading Semiconductor Industry

A keyword-based query search result like Google Search with Java REST API.

TECH: HTML5, CSS3, Bootstrap3, Wireframes, Mockups, Photoshop.

Jun 2013-Dec 2013

Larsen and Toubro
Infotech

HR portal – US Leading Solar Power Industry

The Virtual HR Portal will all Policies and Documents and Connections Managed using CMS

TECH: HTML5, CSS3, Wireframes, Mockups, Photoshop

Mar 2013-Jun 2013

Larsen and Toubro
Infotech
